My Teacher &sir is very good teaching in my Class and, My institute is very Excellent Thank you.

1. Improve the discipline
2. Improve the result
3. Improve the academic oriented.

Classes are conducted in a way that is well understood. But the major subject is only one class per week or two classes per week.Classes are held regularly in all departments.But that does not happen in our department.That's just sad 😢😢

but Nice Institute , Nice teachers...

It would be nice if it was regular (offline classes)

1) All subjects need a teacher in the right way.
2)With learning teaching ... it would be nice to teach the recipe.
3)too improve lab facilitys.

*Laboratory activities must.
*Kindly regular 9pm to 1pm classes atleast thrice a week.
*Majors and minors classes held via offline and languages via online.
*Hopefully looking for there'll be field trip and internships.

Very good learning experience there is no bad opinion

All the things are going well

Understand the student's mental health

Would be better if students got to collaborate on group projects
Would be nice to have cultural events and contests

Teaching was good

Provide more practical oriented class

1.Friendly
2.compare with reality
3.be clam while teaching

1.Need Regular offline class
2.Need staffs
3.Need practical class in offline

need to teach more about subjects

Very well my institute

Good 👍

Practical class should take every time

We need both classroom teaching as well as online videos and materials(for all the topics).It will create more interest in learning. We will get mastered in our subject.

Teachers should not Come to class regularly

Encourage learning with less work than assignments (tests, etc.)

To take a topic for learning
Give them assignments that need a lot of skills

Try to reach every student and ask for their doubts.

Super.

Overall is good

Everything is okay

All are teaching very well

Develop skill oriented class
Give some practical knowledge of applicable theory
Teach beyond from the books

Greater 😊
