

**Sir C.V. Raman Scientist Award  
Instituted by St. Peter's Institute of Higher Education and Research**

**Honoring a Scientific Legend:**

February 28th is celebrated as **National Science Day** in India, commemorating the discovery of the **Raman Effect** by **Sir C.V. Raman** on this day in 1928 at the Indian Institute of Science, Bangalore. His groundbreaking work earned him the **Nobel Prize in Physics in 1930**, making him the first Asian to receive a Nobel in any branch of science.

**Institutional Recognition of Scientific Excellence:**

To honor his legacy and promote scientific innovation, St. Peter's Institute of Higher Education and Research has proudly instituted the Sir C.V. Raman Young Scientist Award, conferred annually since 2015. The prestigious award recognizes scientists and academicians from reputed institutions across India whose research contributions demonstrate both quality and societal impact.

The award aims to:

- Encourage innovative scientific research.
- Recognize contributions that positively impact society.
- Promote excellence in academic and research institutions.
